TINJAUAN MATA KULIAH ........................................................... xi

MODUL 1: FILOSOFI PENELITIAN ............................................. 1.1
Kegiatan Belajar 1: Tujuan dan Kegunaan Penelitian ...................... 1.2
Latihan ................................................................. 1.12
Rangkuman .............................................................. 1.12
Tes Formatif 1 ............................................................. 1.12

Kegiatan Belajar 2: Metodologi Penelitian .................................. 1.14
Latihan ................................................................. 1.26
Rangkuman .............................................................. 1.26
Tes Formatif 2 ............................................................. 1.27

Kegiatan Belajar 3: Kerangka Berpikir dan Model .......................... 1.28
Latihan ................................................................. 1.35
Rangkuman .............................................................. 1.35
Tes Formatif 3 ............................................................. 1.36

KUNCI JAWABAN TES FORMATIF ........................................... 1.37
DAFTAR PUSTAKA ............................................................. 1.38

MODUL 2: PENDEKATAN PENELITIAN ...................................... 2.1
Kegiatan Belajar 1: Jenis Pendekatan Penelitian .......................... 2.2
Latihan ................................................................. 2.15
Rangkuman .............................................................. 2.15
Tes Formatif 1 ............................................................. 2.16

Kegiatan Belajar 2: Penentuan Pendekatan Penelitian .................. 2.18
Latihan ................................................................. 2.24
Rangkuman .............................................................. 2.24
Tes Formatif 2 ............................................................. 2.25
MODUL 4: PENGUMPULAN DATA PENELITIAN KUANTITATIF .......................................................... 4.1
Kegiatan Belajar 1: Variabel dan Hipotesis .......................................................... 4.2
Latihan .................................................................................................................. 4.11
Rangkuman ........................................................................................................... 4.11
Tes Formatif 1 ....................................................................................................... 4.12

Kegiatan Belajar 2: Unit Analisis, Populasi dan Sampel ........................................ 4.13
Latihan .................................................................................................................. 4.18
Rangkuman ........................................................................................................... 4.18
Tes Formatif 2 ....................................................................................................... 4.19

Kegiatan Belajar 3: Skala Pengukuran dan Instrumen Penelitian ......................... 4.20
Latihan .................................................................................................................. 4.29
Rangkuman ........................................................................................................... 4.29
Tes Formatif 3 ....................................................................................................... 4.30

Kegiatan Belajar 4: Teknik Pengumpulan Data dalam Penelitian Kuantitatif ........ 4.31
Latihan .................................................................................................................. 4.34
Rangkuman ........................................................................................................... 4.34
Tes Formatif 4 ....................................................................................................... 4.35

KUNCI JAWABAN TES FORMATIF ................................................................. 4.36
DAFTAR PUSTAKA .............................................................................................. 4.37

MODUL 5: ANALISIS DATA PENELITIAN KUANTITATIF ........................ 5.1
Kegiatan Belajar 1: Pengolahan Data dalam Penelitian Kuantitatif ....................... 5.2
Latihan .................................................................................................................. 5.5
Rangkuman ........................................................................................................... 5.5
Tes Formatif 1 ....................................................................................................... 5.6

MODUL 6: PERANCANGAN PENELITIAN KUALITATIF .......... 6.1
| Kegiatan Belajar 1: Identifikasi dan Rumusan Masalah dalam Penelitian Kualitatif | 6.2 |
| Latihan | 6.12 |
| Rangkuman | 6.12 |
| Tes Formatif 1 | 6.12 |

| Kegiatan Belajar 2: Tujuan dan Tinjauan Pustaka | 6.14 |
| Latihan | 6.25 |
| Rangkuman | 6.25 |
| Tes Formatif 2 | 6.26 |

| Kegiatan Belajar 3: Metode Penelitian Kualitatif | 6.27 |
| Latihan | 6.33 |
| Rangkuman | 6.33 |
| Tes Formatif 3 | 6.33 |
